A functional room divider with a clean and friendly appearance. AK 4 Room Divider Hanging is made from PET Felt, granting its pleasant texture and soft touch. Reinforced with acoustic filling, it also provides a gentle sound-dampening effect. The divider is ceiling-suspended, allowing to bring structure to space without compromising its open character. Available in 11 PET Felt blends, AK 4 offers a flexible partitioning solution for offices, public spaces and schools.

### Care & Maintenance

For regular care, we recommend dusting or vacuuming PET Felt occasionally. Most stains can be easily cleaned with water. It is advised to dab the contaminated surface with a dry cloth while it is wet. Do not rub PET Felt to avoid excessive pilling and let the material dry naturally. If water is not sufficient, stubborn stains can be removed with professional cleaning products like the James cleaning set.
